

You have been tested for COVID-19. What's next?

Getting Your COVID-19 Test Result

You will receive your result on our **FitzChart Patient Portal** as soon as it is available (this could take up to 3 days).

- Your result will indicate either Detected (Positive) or Undetected (Negative).
- You will only receive a phone call if your result is positive. Please do not call the hospital to ask about your result.

FitzChart Patient Portal is accessible 24/7!

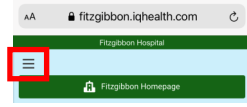

You may also contact your primary care provider for your result.

To access or enroll in FitzChart Patient Portal, go to fitzgibbon.org/portal or scan this QR code.

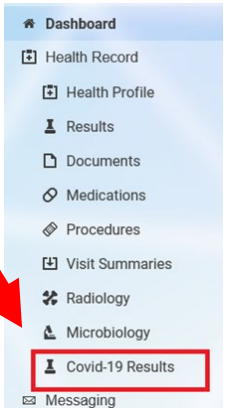

If you need a paper copy of your result, contact Fitzgibbon Health Information Department at (660) 831-3272, or you can print a copy from your FitzChart.

From your Mobile Device click on the menu button

then
"Health Record,
Covid-19 Results"

From your Computer go to "Health Record, Covid-19 Results"

While You Wait for Your Result

Stay home (quarantine) until you have received your result.

As much as possible, **stay** in a specific room **away from other people** in your home. Also, you should use a separate bathroom, if available. If you need to be around other people in or outside of the home, wear a facemask.

Avoid sharing personal items with other people in your household, like dishes, towels and bedding.

If you are sick:

- monitor your symptoms carefully. If your symptoms get worse, call your healthcare provider immediately.
- Get rest and stay hydrated.

If you have a medical appointment, **call the healthcare provider ahead of time** and tell them that you have or may have COVID-19.

For medical emergencies, call 911 and **notify the dispatch personnel** that you have or may have COVID-19.

Wash your hands often with soap and water for AT LEAST 20 SECONDS, or clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol.

Clean all surfaces that are touched often, like counters, tabletops and doorknobs. Use household cleaning sprays or wipes according to the label instructions.

If you received a COVID-19 test, **we will bill your insurance**. As policies around patient responsibility for COVID-19 testing are changing, you may be responsible for deductibles, co-payments or other out-of-pocket costs. Please contact your insurance company for COVID-19 coverage questions.

Emergency Warning Signs include*:

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion or inability to arouse
- Bluish lips or face

** This list is not all inclusive. Consult your medical provider for any other symptoms that are severe or concerning.*
